Washington Secondary Schools Athletic Administrators Association

Robert Polk Memorial LTI Scholarship

Robert Polk served as the Director of Athletic, Activities, Health and Fitness for the Everett Public Schools (EPS) from 2004 until his sudden passing on April 11, 2021. Growing up in Port Orchard, WA playing football and basketball at South Kitsap HS, Robert learned and later practiced the value of having a tremendous work ethic, being a great teammate and continued growth both personally and professionally. He respected and possessed a passion for the job he had. He lived the ideals of being humble in victory, gracious in defeat and to leave everything better than you found it.

Robert's legacy will be his dedication and advocacy for ALL students, athletes, coaches and colleagues whose lives he touched directly or indirectly. He left all us better people for having known and being around him.

In honor of Robert Polk and his professional commitment to all students, WSSAAA will provide scholarships for ALL Athletic Administrators working to become a Certified Athletic Administrator (CAA) through the NIAAA. The scholarship will include reimbursement for the following once the designation of CAA has been awarded from the NIAAA:

1) Two of the five required classes to become a CAA
2) CAA Certification Application cost

Anyone with the desire and willingness to reach the CMAA level will be reimbursed for the cost of the CMAA Certification Application; no CMAA classes are covered
